Bridget Ilene Delaney - HIP program scam

I got this random text message on January 24, 2025, a few days after my Facebook account was hacked.

While I can't PROVE that this was Charlotte, it is very suspicious and seems like it would be her or at least because of her. I also looked at the site for this (which seems like a huge scam even if you live where it says it is available), and they don't do the stuff mentioned in the text. After all, Charlotte L'Juan Ford doesn't want it being proven she's a criminal and would want me out of Louisiana. Plus, she seems to want to wreak havoc in my life.

None of my real friends ever would have signed me up for such a thing.

She made the promise that my house would be 100% better, made the promise that it would be ADA accessible, made the promise that she would DEFINITELY fix my fences . . . EVERYTHING in the insurance estimate. Not a single thing is done like the insurance estimate says. She used 2nd hand items, nothing is how I want, she didn't do any work in the kitchen area, she didn't finish any rooms, she used vinyl laminate flooring when she was paid for hard wood and tile, she did not fix t he air conditioning and the heat, she deliberately cut my gas pipes AND didn't put the little vent/exhaust pipe in my roof, she pulled out both water heaters, she deliberately put rodents in my ceiling and ventilation, and SO MUCH MORE. I have ALL the documentation and she has NOTHING, but not a single organization that is supposed to do anything about this will do anything about it! She took $202,021 and MAYBE did $100,000 or work, but probably not even that much. she has nothing to show - no documents - no spreadsheets, no receipts, no pictures.

If you can get it so I can work with an architect and get this house demolished and get a whole new house built, that's what I need. Things are very messed up

Charlotte, you KNOW I'm not stupid. If you think I'm not saving EVERY harassing text that you send in some way. A person would have to know my two numbers. They would have to want me to move out of Louisiana so they won't get in trouble because of their thievery and lying and major criminal activities, they would want to make me agree to something that would cause me major financial damage. I KNOW who wants ALL of those things. I have even MORE evidence against you because of these texts. And the fake Facebook help text.
